The Newton County REMC Board of Directors declared that the Capital Credits that were allocated to members for the years 1964, 1965 and 1966 are eligible for distribution, with payments that began in January 2021. Members and heirs of members who received electric service during these years are eligible to file claims. Capital credits are funds received by the Co-op above the cost of operation, which are allocated to accounts of members annually. These capital credits are retired and paid out when the board of directors determines that the Co-op is financially sound and the distribution of these capital credits will not compromise the Co-op's financial integrity. If you were a member from 1964 to 1966 and purchased electricity please call the office or stop by to file a claim form. If you are an heir of a member from 1964 to 1966 who is now deceased, you may call the office or stop by to complete a capital credit claim form. You have until December 31, 2022 to claim them. Claim forms and complete lists of all capital credits payable can also be found at our website, newtoncountyremc.com.
